REPOSE TO RESTRICTION REQUIREMENT
REMARKS/ARGUMENT

This Response is filed in reply to the Restriction Requirement mailed June 27, 2008. Applicant elects the invention directed to the embodiment of Figure 4, which also encompasses Figures 3 and 5. The claims readable on this embodiment and elected herein are claims 1-12 and 34-35. The Examiner's indication that claims 1 and 13 have been found to be generic is noted. Upon allowance of a generic claim, withdrawal of the election requirement will be appropriate.

Applicant reserves the right to file divisional applications directed to the subject matter covered in the non-elected claims. Early and favorable consideration of the present application is earnestly solicited.

If this communication is filed after the statutory time period had elapsed and no separate Petition is enclosed, the Commissioner for Patents is petitioned, under 37 C.F.R. §1.136(a), to extend the time for filing a response to the outstanding Office Action by the number of months which will avoid abandonment under 37 C.F.R. §1.135. The fee under 37 C.F.R. § 1.17 should be charged to our Deposit Account No. 15-0700.
